## DIRECTIONS FOR USE

Apply GALVANIZE CONTACT as a foliar application at 16-32 oz/acre and dilute in a minimum of 10 gal of water per acre. Foliar fertilization is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by plants. The user should seek the advice of an agricultural representative or a professional agricultural consultant for specific application timings and rates. When tank mixed with other chemicals, compatibility testing should be conducted prior to application.

## SHAKE WELL BEFORE USE

**WARNING:** Harmful if swallowed. Harmful if inhaled. Avoid breathing mist. Wash hands thoroughly after handling. Collect spillage. Do not eat, drink, or smoke when using this product. **IF SWALLOWED:** Call a POISON CENTER or doctor if you feel unwell. Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste. Apply only to the intended application site. Do not apply directly to or near water, storm drains, gutters, sewers, drainage ditches or any impervious surface. Do not apply if heavy rain is expected. **KEEP OUT OF REACH OF CHILDREN**

**STORAGE:** Keep container tightly sealed when not in use. Store in a cool, dry place between 34° and 100° F. Do not store in direct sunlight. Do not store diluted product.
